To ensure that members of staff are fully aware of their professional responsibilities when using technology, they are asked to read and sign this Acceptable Use Policy.

This is not an exhaustive list; all members of staff are reminded that IT use should be consistent with the school ethos, school policies, national/local guidance and expectations, and the Law.

1. I understand that Information Systems and IT include networks, data and data storage, online and offline communication technologies and access devices. Examples include laptops, mobile phones, tablets, digital cameras, email and social media sites.

Sample Letter for Staff

Dear **member of staff name**

At St Peter's C of E Primary School we recognise that staff can be vulnerable to online risks. Social media can blur the definitions of personal and working lives; it is important that all members of staff at St Peter's C of E Primary School take precautions to protect themselves both professionally and personally online. We request that all members of staff:

- Are conscious of their own professional reputation and that of the school when online.
 - All members of staff are strongly advised in their own interests to take steps to ensure that their personal information and content is not accessible to anybody who does not or should not have permission to access it.
 - Content shared online cannot be guaranteed to be "private" and could potentially be seen by unintended audiences. This could have consequences including civil, legal and disciplinary action being taken.
- Are aware that as professionals, we must ensure that the content we post online does not bring the school or our professional role into disrepute and does not undermine professional confidence in our abilities.
 - The teaching standards state that as professionals we should be achieving the highest possible standards in our conduct, act with honesty and integrity and forge positive professional relationships.
- All Staff be careful when publishing any information, personal contact details, video or images online.
 - It is very important to be aware that sometimes content shared online, even in jest, can be misread, misinterpreted or taken out of context, which can lead to complaints or allegations being made. Don't be afraid to be yourself online but do so respectfully.
 - Ensure that the privacy settings of the social media sites you use are set appropriately.
 - Consider if you would feel comfortable about a current or prospective employer, colleague, child in your care or their parent/carer, viewing or sharing your content. If the answer is no, consider if it should be posted online at all.
- Do not accept pupils (past or present) or their parents/carers as "friends" on a personal account.
 - You may be giving them access to your personal information and allowing them to contact you inappropriately through unregulated channels. They may also be giving you access to their personal information and activities which could cause safeguarding concerns.
 - If you have a pre-existing relationship with a child or parent/carer or any other situation that may compromise this, speak to the Designated Safeguarding Lead (Dee Stone)
- Always use a work provided email address or phone number to contact children and parents – this is essential to protect yourself as well as the wider community.
- If you are concerned about a child's wellbeing or online behaviour, please speak to the Designated Safeguarding Lead (Dee Stone, Jim Holditch). If you are targeted online by a member of the community or are concerned about a colleague, then please speak to the headteacher and/or chair of governors (Helen Tynan)

St Peter's Church of England (VC) Primary School

- If you are unhappy with the response you receive, or do not feel able to speak to the Designated Safeguarding Lead, headteacher or chair of governors then we request you follow our Whistleblowing procedure which can be found in the School Office, the website or on the electronic shared drive.
- If you have any questions regarding online conduct expected of staff, please speak to the Designated Safeguarding Lead (Dee Stone) and/or headteacher.

Documents called "Cyberbullying: Supporting School Staff", "Cyberbullying: advice for headteachers and school staff" and "Safer professional practise with technology" are available in the staffroom or on the internet to help you consider how to protect yourself online.

Please photocopy them if you want or download the documents directly from:

- www.childnet.com/teachers-and-professionals/for-you-as-a-professional
- www.gov.uk/government/publications/preventing-and-tackling-bullying

- www.kscb.org.uk/guidance/online-safety

Additional advice and guidance for professionals is available locally through the Education Safeguarding Team or nationally through Professional Unions and/or the Professional Online Safety helpline www.saferinternet.org.uk/about/helpline

I would like to remind all staff of our Acceptable Use Policy and the importance of maintaining professional boundaries online. Failure to follow this guidance and the school behaviour policy/code of conduct could lead to disciplinary action; it is crucial that all staff understand how to protect themselves online.

Please speak to your line manager, the Designated Safeguarding Lead (Dee Stone) or myself if you have any queries or concerns regarding this.

Yours sincerely,

Headteacher

The principles and guidelines below set out the standards of behaviour expected of you as an employee of the school. If you are participating in online activity as part of your capacity as an employee of the school, we request that you:
