

St Peter's Church of England Primary School

Parental Survey Analysis 2019

Response Rate

Unfortunately only 34 parents completed the survey. Obviously there is the positive aspect that parents are not unhappy with the school and feel a need to complete a survey! However, we want parents to play an active role in developing the school and we will continue to focus on this to attempt to address the issue.

Parental Views

Quality of Teaching

The survey asked parents to say whether the quality of teaching in English, mathematics, science, art, RE, PE and music was excellent. The percentage of those either agreeing or strongly agreeing with this statement for each subject follows, with the results for 2018 shown in brackets: English 97% (83%), mathematics 91% (85%), science 88% (67%), art 76% (48%), RE 91% (75%), PE 94% (57%), music 62% (61%).

For maths, art and PE, only one person disagreed with this statement, and only 2 people disagreed for music. For the remaining subjects no one disagreed that the school did an excellent job teaching the listed subjects – they stated that they either didn't know or couldn't agree/disagree.

The level of satisfaction has risen in every area and considerably so in some areas. It is extremely positive to have over 90% of respondents report that they feel the quality of teaching in English, mathematics, RE and PE to be excellent. Obviously our School Improvement Plan for 2019-20 focuses on art and music (along with PE and MFL) as priority areas for development. Once this is completed – and providing the development is successful – we will move onto science, history and geography as our areas for development.

In 2018, 20% of parents surveyed disagreed that the teaching of PE was excellent. It is obvious that the very high quality tennis provision bought in for 2018-19 was greatly valued by both children and parents.

Communication about Child's Performance and Progress

88% (66%) of respondents agreed or strongly agreed that they were kept well informed of their child's academic performance. 1 person disagreed (6) and 1 (1) strongly disagreed. Again, this is a considerable improvement on the previous year's results and it is commendable that we have nearly 90% of parents reporting that they feel well informed about how well their child is performing at school.

School Resources

88% of parents felt that their child received a good or better standard of education. In 2018 2 parents disagreed with this statement – none did this year.

82% of parents felt that their children had access to a variety of learning resources. Only 1 parent disagreed compared to 4 in 2018.

94% felt that the school's facilities were well maintained. None disagreed whereas 4 did in 2018.

74% felt that the school website is informative and well maintained. In 2018 4 parents disagreed with is statement – this has risen to 5 this year.

91% of respondents felt that their child had made good or better progress over the course of the year. This is considerable rise from 2018 when only 76% of parents felt this to be the case. Only 1 parent disagreed with the statement against 3 last year.

School Values and Ethos

Pupils Respect One Another – 94% (83%) of respondents agreed – only 1 did not compared to 2 in 2018.

The School has a Fair and Effective Behaviour Policy – 91% (76%) of respondents agreed – only 2 did not compared to 1 in 2018.

The school is a Safe, Friendly Environment – 97% (95%) agreed – none disagreed.

Staff at school are genuinely concerned for the well-being of our children – 97% agreed and 1 did not. This question was not asked last year.

Pupils Demonstrate Concern for Each Other – 88% (88%) agreed – no one disagreed whereas 1 did last year.

The school works hard to prevent bullying – 76% (69%) agreed – 1 person disagreed compared to 3 in 2018.

Parent/School Communication

Parents Feel Welcome at school – 88% (85%) agreed – 2 disagreed compared to 1 last year.

Parents' views are taken into account by the school when making decisions – 79% (57%) agreed – 4 people disagreed compared to 6 in 2018.

Parents understand the school's management structure – 77% (76%) agreed – 2 did not compared to 3 in 2018.

The Headteacher is approachable and fair – 97% (86%) agreed – 1 did not compared to 2 last year.

Parents are kept informed of governing body decisions – 100% (68%) agreed.

Parents have opportunities to engage with school life – 88% (78%) agreed – 2 did not compared to 4 last year.

Parents have sufficient guidance on how to support their child at home – 71% (45%) agreed and significantly only 3 people, which equates to 9% did not, compared to 31% in 2018.

Christian Distinctiveness

- I am aware of and understand the school's Christian vision, ethos and values – 94%
- 79% of parents feel that the school embraces the parable of the mustard seed to help children grow into rounded individuals – none disagreed.
- Between 76-91% of parents feel that we encourage children to live out the six distinct Christian values we promote in school. There were only 2 parents who felt that this wasn't the case – 1 who felt we needed to promote love in school and one who felt that forgiveness needed to be promoted further.
- 4 parents wished to see us place greater emphasis on our Christian distinctiveness, whereas 88% felt this was not needed.
