- Be professional and remember that you are an ambassador for the school. Disclose your position but always make it clear that you do not necessarily speak on behalf of the school.
- Be responsible and honest at all times and consider how the information you are publishing could be perceived
- Be credible, accurate, fair and thorough.
- Always act within the legal frameworks you would adhere to within school, including libel, defamation, confidentiality, copyright, data protection as well as equalities laws.
- Be accountable and do not disclose information, make commitments or engage in activities on behalf of the school unless you are authorised to do so.
- Always inform your line manager, the designated safeguarding lead and/or the headteacher of any concerns such as criticism or inappropriate content posted online.

As a professional organisation with responsibility for safeguarding it is important that staff take all possible and necessary measures to protect data and information systems from infection, unauthorised access, damage, loss, abuse and theft. All members of staff have a responsibility to use the school's computer system in a professional, lawful, and ethical manner. To ensure that members of staff are fully aware of their professional responsibilities when using technology, they are asked to read and sign this Acceptable Use Policy.

This is not an exhaustive list; all members of staff are reminded that IT use should be consistent with the school ethos, school policies, national/local guidance and expectations, and the Law.

1. I understand that Information Systems and IT include networks, data and data storage, online and offline communication technologies and access devices. Examples include laptops, mobile phones, tablets, digital cameras, email and social media sites.

3. I understand that any hardware and software provided by my workplace for staff use can only be used by members of staff and only for educational use. To prevent unauthorised access to systems or personal data, I will not leave any information system unattended without first logging out or locking my login as appropriate. I will protect the devices in my care from unapproved access or theft.

St Peter's Church of England (VC) Primary School

4. I will respect system security and I will not disclose any password or security information. I will use a 'strong' password; a strong password has numbers, letters and symbols, with 8 or more characters, does not contain a dictionary word and is only used on one system and is changed regularly. I will change my password once per term.
5. I will not attempt to install any purchased or downloaded software, including browser toolbars, or hardware without permission from the system manager.
6. I will ensure that any personal data of pupils, staff or parents/carers is kept in accordance with the Data Protection Act 1998.

12. My electronic communications with current or past pupils, parents/carers and other professionals will take place within clear and explicit professional boundaries and will be transparent and open to scrutiny at all times.
 - All communication will take place via school approved communication channels such as a school provided email address or telephone number, and not via personal devices or communication channels, such as personal email, social networking or mobile phones.
